Re: THE MOTHER: Observer and Consciousness of Quantum Mechanics Re: Anniversary

Thank you Jagbir for your interesting question: Is that 45 years of meditating on the Mother?

I would just say that I was born in 1975 from my physical earthly mother. But I am sure the search of my inner spiritual mother and subsequently the Cosmic Divine Mother was embedded with me since my younger age. It is in 2005, when I left my country Cameroon and landed in Ghana that the search began to bear fruit.

Beginning by the attendance of one Sahaja Yoga public program in Accra I started experience new reality from within and finally one day after my meditation and while I was asleep, I could see my self from my Sahasrara in the hand of Shri Mataji as the Divine Mother, like a little baby in the hand of his mother.

That was the time I realized something new and unprecedented had happened in my life.

Traveling back in my country in 2009, I continued with that journey and during the journey I got connected with [adishakti.org](http://adishakti.org) and also this forum, and the journey is continuing and today we have reached the quantum reality.

Regards
