THE NEW COSMIC PERIOD

We are living in an era signified by the beginning of a New Cosmic Period that many people call New Age or the Age of Aquarius. Some others may call it the Age of the Second Coming or of the Epiphany of the Holy Spirit.

The characteristics of this new state are becoming more and more visible as the

rhythm of life is accelerating rapidly along with the concern for the events that reveal a universal crisis. There is a constant wavering uncertainty and confusion for what the future holds for humanity that seems to live the anxiety and pain of a New Birth. We find ourselves at the Prodromic Phase, at the dawn of this New Period, which is defined as a period of preparation, catharsis and repentance. In other words, a shifting of the mind from limited established ideas to Ideas of Divine Infinity and Truth. The inspired revelations of the Scriptures and the unveiling of the Divine Laws is only one of the examples of activating a universal phenomenon on a spiritual quest which will lead to the enlightenment of Humanity, as was written two thousand years ago. "And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, your young men shall see visions, and your old men shall dream dreams." (Acts 2:17).

There are three principal Cosmic Periods in the human evolutionary course. The Prophetic Period or Age of Aries, where many enlightened teachers prepared humanity and during which the Will of the Father God was manifested by the Prophets. Next, there was the Cosmic Period of the Incarnation of the Logos Christ, of the New Testament, when the Will of God was manifested directly by Christ Himself, the Son of God, the Ever Perfect, who came down from Heaven in order to complete and expand what had been presented up until that time as Divine Law. He did that through the teaching of "Love One Another".

Today, approximately two thousand years later - that is how long a Cosmic Period lasts - we have entered into the era where the second part of the Christian revelation is taking place. It is a time that Love and Unity prevail on the planet and the Spirit prevails over the material.

That is, the time of the Second Coming of Christ within the souls of men, the time for the Christofication and Theofication of Man, the time for his return to Father God, as the words of Christ revealed, "Through Me to the Father". We find ourselves in the Age of the Epiphany of the Holy Spirit, of the Paraclete, as Christ Himself said just before His departure, "Howbeit, when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak on his own; but whatsoever he shall hear, that shall he speak: and he will show you things to come." (John 16, 13), at the age of the revelation and ascent of the Woman-Soul, or as some people call it, the Age of Aquarius. A characteristic of the Age of Aquarius is realignments and changes in all areas of Human thought and life, which bring an optimistic message to man: the Perfection of man and his Divine Communion in the Kingdom of Heavens, His Christofication and Theofication.

At the Last Supper, where Christ gave Holy Communion to his disciples as a trust of activation of His Essence within them, the Mystery took place in a specially selected residence according to the scriptures. The Last Supper for the disciples was not just a foretaste of their fulfillment in the Kingdom of God, but it also showed explicitly that they were allowed to sit at the table of the Father as Sons of God, something which was corroborated by previous orations of Christ who said, "You are gods." (John 10:34) and "Be ye therefore perfect, even as your Father which is in heaven is perfect." (Matthew 5:48), thus showing the magnitude of the Divine Lineage and Divine Predestination of Man.

We know that the time and the place where each event unfolds play an important role in the interpretation of the symbols in the Scriptures. So, where does the Mystery of Holy Communion take place? The answer is given in Christ's instruction to His disciples when they ask Him where to prepare the meal. As the Gospel according to Luke reports. "And he said unto them. Behold when ye are entered into the city, there shall a man meet you, bearing a pitcher of water: follow him into the house where he entereth in." (Luke 22:10). The man who holds the pitcher of water is the symbol of Aquarius and the house symbolizes the period during which all of humanity will receive the same Holy Communion, which the disciples received at the Last Supper. This is not only because they precede historically as actual individuals, but also because they constitute symbols of the special Powers and Abilities of the Totality of Man. Peter

symbolizes Faith, John symbolizes Love, Jacob symbolizes the ability to perceive, etc.
Powers that are in tune with the Daskalos of Love and are under His Guidance.
Through their own Communion, which makes them Sons of God, all of humanity
receives a taste of Holy Communion and that is why Christ says, "follow him into the
house where he entereth in."
