2000 years ago Captain John Christ promised all particle-species of the Comforter's Concordia a wave-evolution into the Kingdom of Consciousness: "Space: the promised final frontier. These are the voyages of My starship USS Resurrection. Its eternal mission: to explore a strange new world, to seek out new life and new civilizations, to boldly go where no man has gone before." His nemesis, GSA Chief Simon Trump of 1% Inc., is accusing him of plagiarising his patented Savior. (October 16, 2020)
