The *glossolalia* virus is spreading to India.* "So be on your guard; I have told you everything ahead of time." (June 6, 2021) * 10.20 min. **Mark 13:23, Matthew 24:25**

Christians have the gall to think that the *Pentecost Paraclete* speaking gibberish was sent by Jesus i.e., He was as dumb to send as they were as intelligent to understand. Today this pariah dog licked His sandals clean of their *glossolalia* phlegm, and trembled at their blasphemy* against both Savior and Spirit. (June 17, 2021)

* "Blasphemy [sacrilege, desecration, ridicule, derision, disrespect, violation, irreverence] is the act or offense of speaking sacrilegiously about God or sacred things; profane talk."

Shifali, I just clicked a few minutes ago and realized this is a [5 hour-long monster](#). The chat replay is just scary. I did not know that so many Indians are flocking to these rising televangelist false prophets and teachers who all resort to their common trademark, glossolalia. They are all claiming to bring dead people alive!

And I am now listening to this guy claiming Jesus is helping him perform the miracle of bring a certain dead girl alive!

They are all learning from the millionaire false prophets of America, South America and [Africa](#). The title of my update will be:

The glossolalia virus is spreading to India. "So be on your guard; I have told you everything ahead of time." (June 6, 2021)

I have been working on *glossolalia* and watching Amazon Prime drug and gangs documentaries for the last two days.

Blasphemy was a difficult and at times frightening topic to extract and express; difficult because I had to spend hours listening to Christian drivel explaining how babble makes sense as it is a divine language of those filled with the Holy Spirit; frightening because I had to question myself: are you the only one seeing this outrageous insult to the Holy Spirit? the only one who can see the Ruler of Darkness hiding in plain sight? ("I will no longer talk much with you, for the ruler of this world is coming. He has no claim on me," John 14:30) the only one who knows Satan is now firmly entrenched in Pentecostal churches too? the only one who understands what Jesus meant by blasphemy against the Holy Spirit? (yes, I did toss and turn in bed as it is an uncomfortable feeling to think maybe you are claiming to seeing it as Jesus would have wanted it understood and that hundreds of millions of Christians over the centuries did not and still do not in the modern age.)

"Kildahl (1972) in *Psychology of speaking in tongues* observed that until the late 1950s the practice of speaking in tongues was confined to a few extreme, theological conservative religious sects. The context in which speaking in tongues occurred was generally ecstatic - even hysteric. Then gradually the gift of speaking in tongues began also to appear in mainline Protestant Churches. Today the practice of speaking in tongues is found among Episcopalians in the United States of America, among Evangelical Anglicans, Lutherans, Presbyterians, Congregationalists and even

Roman Catholics." [emphasis ours 2021-06-17]

Kildahl, J.P. 1972. *The psychology of speaking in tongues*. New York: Harper & Row, p. ix.

"One of our respondents was a man from Christ Embassy. He indicated that speaking in tongues shows that one is connected with God. When one speaks in tongues it shows that the Holy Spirit, who is the Comforter, is there for him/her. The role of glossolalia is to edify the speaker and testify to the presence of the Holy Spirit. When he speaks in tongues he is filled with joy. He believes that speaking in tongues is a testimony of what the saints will experience in heaven where they will have eternal life. He intimated that when he speaks in tongues it is not him who speaks but the Holy Spirit who speaks through him. His mouth and his body are used as an instrument. He noted that the Holy Spirit is like a drug. It takes control of everything. However, the believer remains conscious even though possessed by the Spirit." [emphasis ours 2021-06-17]

"**Speaking in tongues** can be activated at any time after receiving the baptism of the **Holy Spirit**. To activate **speaking in tongues**, simply switch over from praying in your native language, to praying in your heavenly language by **speaking** out loud the syllables coming from your **spirit**."

"According to Dale B. Martin, glossolalia accorded high status in the ancient world due to its association with the divine. Alexander of Abonoteichus may have exhibited glossolalia during his episodes of prophetic ecstasy. Neoplatonist philosopher Iamblichus linked glossolalia to prophecy, writing that prophecy was divine spirit possession that "emits words which are not understood by those that utter them; for they pronounce them, as it is said, with an insane mouth (*mainomenó stomati*) and are wholly subservient, and entirely yield themselves to the energy of the predominating God." "*Glossolalia* is a very important element in the life of Pentecostal Churches and is at the centre of their spirituality. This paper examines the gift of speaking in tongues from a psychological perspective in order to find out what psychologists say about this very important gift of the Holy Spirit. The paper begins by looking at the history of speaking in tongues in the Church from the day of Pentecost and how it has become the symbol of God's presence in the life of believers in Pentecostal Churches in Botswana today. The paper interrogates *glossolalia* on whether it is divine language or human language spoken by people who are emotionally charged. This research was undertaken in order to understand *glossolalia* better, since it is a contested area not only among Christians but also in other world religions where this phenomenon is widely manifested. The present work shows that while theologians are justified to consider *glossolalia* as divine language, there are indications that in some instances speaking in tongues can be a result of anxiety and human attempts to prove that the Holy Spirit is truly present in one's spiritual life. This conclusion has been reached especially in cases where it has been found that *glossolalia* is a learned language." [emphasis ours 2021-06-17]

Glossolalia: Divine Speech or man-made language? A psychological analysis of the gift of speaking in tongues in the Pentecostal Churches in Botswana

That I trembled is no exaggeration because increasing number of Christians are associating their ability to babble in *glossolalia*, the so-called language of the Holy Spirit. I trembled because an ever-growing congregations of Christians raise their infallible Bible in the name of Jesus as evidence of their conversations with the Holy Spirit in *glossolalia*. I trembled because none understood blasphemy in the context that Jesus spoke as the only unforgivable sin against the Holy Spirit.

"Blasphemy [sacrilege, desecration, ridicule, derision, disrespect, violation, irreverence] is the act or offense of speaking sacrilegiously about God or sacred things; profane talk."

"**Blasphemy** is an insult that shows contempt, disrespect or lack of **reverence** concerning a **deity**, a **sacred** object or something considered **inviolable**."

"Blasphemy laws punish people who make oral or written statements that are understood to express irreverence for sacred things."

You will tremble too if you have ears that hear and understand this explicit warning of the Savior in the Age that has Come:

"Whoever is not with me is against me, and whoever does not gather with me scatters. And so I tell you, any sin and blasphemy can be forgiven. But blasphemy against the Spirit will not be forgiven. Anyone who speaks a word against the Son of Man will be forgiven, but anyone who speaks against the Holy Spirit will not be forgiven, either in this age or in the age to come." Matthew 12:30-32

Jesus Christ called the Holy Spirit the "Spirit of Truth" ([John 14:17](#); [15:26](#); [16:13](#)) and warned us, "All manner of sin and blasphemy shall be forgiven unto men; but the blasphemy against the Holy Spirit shall not be forgiven unto men" ([Matthew 12:31](#)).

QUESTION: But are the above reasons to tremble? Why should there be fear? What is it that we must be terrified of?

ANSWER: The Ruler of this World, who first spoke in *glossolalia*, has camouflaged himself as the Pentecost Paraclete for the last 2000 years in churches, and is growing in strength in the Age that has Come. This is far worse than the recent insult of SYs to the Eschatological Paraclete Shri Mataji:

"2021-06-06
Shruti

Jagbir it says, "Jai Shri Mataji Good Morning, Let's plant trees as we are gasping for oxygen, Best wishes on world Environment Day."

Jagbir

This is so dumb and insulting! Since it is a collective effort it confirms the bankrupt state of the SY organization. So lucky to have fled them in 2000 and never returned, even once. In a way that self-exile also confirms and comforts that it was the right decision.

Sunshine and I have completely shut ourselves off from any talk these days of SY. It really helps, including this complete lack of respect and decorum for Shri Mataji. Given what SYs have done to desecrate Her memory with such stupidity, what do they really think of Her?

To be honest, it sounds like a bunch of good friends making a bad joke about the pandemic. The scary part is that they do believe they are talking with Shri Mataji, and do make suggestions. This collective communication with Shri Mataji, as their mantras and rituals today betray, has been going on since She passed away in 2011.

And it is so sickly casual and nonsensical; "Jai Shri Mataji, good morning; Let's plant trees as we are gasping for oxygen." Either the SYs or the whole of India is gasping for air and they can be saved if SYs plant trees that will give out oxygen one day and save everyone gasping for oxygen. This is actually an insane insult to the Adi Shakti, the Paraclete Shri Mataji."

QUESTION: You are comparing SYs planting of trees for oxygen needed by Indians during this current pandemic to planting of Pentecostal churches by Christians for salvation and eternal life. Is that all? Precisely what is the reason to tremble? There must be clarity on such a serious charge against hundreds of millions of Christians.

ANSWER: The insult of SYs against their own Eschatological Paraclete a few weeks ago is nothing compared to the monstrous lie Christians have been spreading about their Pentecost Paraclete for centuries. You will tremble at the centuries-old success of the Ruler of Darkness to overpower Christians to blaspheme the Holy Spirit on his behalf. They are blaspheming the Holy Spirit in *glossolalia*, the language of Satan!

The Ruler of this World is using Christians in his 2000-year-old proxy war against the Savior and triumphing from the USA to South America to Africa and now, India. You will tremble at his ingenuity and runaway success at gathering so many Christians to unwittingly blaspheme the Holy Spirit in the name of Jesus.

I will have to repeat; The Ruler of Darkness who tried to tempt Jesus over 40 days has been able to rally so many to defile and violate the sanctity of the Holy Spirit by using *glossolalia*, the language of the Evil Entity, desecrating Her in the name of Jesus Christ without realizing the sacrilegious nature of this unforgivable sin; without realizing they are the foot-soldiers of the Ruler of Darkness; without realizing what Jesus forewarned post-Resurrection that the Ruler of the World has returned just as He is about to leave for good.

(Just a mere 10 days later in the Age that Was that very Evil Entity arrived on Pentecost or was it in 325 A.D. when the First Ecumenical Council called by Emperor Constantine that gave an opportunity for the Ruler of the World to firmly entrench himself for all times against the Savior—the Catholic Church?)

And for those with ears that hear: "So be on your guard; **I have told You** everything ahead of time."
